Appendix B Public Art Committee

Arts and Culture Advisory Commission

- Reviews and approves recommendations made by the Public Art Committee for artists / projects prior to City contracting
- Recommends program policies and guidelines

The Arts and Culture Advisory Commission is composed of 18 members appointed by Mayor and Council Members

Appendix B Public Art Committee

Public Art Committee is a standing committee of the Arts and Culture Advisory Commission charged with:

- Overseeing the quality of the programs
- Selection and oversight of project panels/juries, including the appointment of arts experts to the selection panel
- Reviewing and recommending projects/artists

The Public Art Committee is composed of 11 members (3 commissioners and 8 resident members)

Overview: Creation of new Public Art piece

Appendix C Selection Panels

- (b) Public art committee. The public art[s] committee shall have the following
- duties and responsibilities associated with the administration of the public art program, with all
- decisions and recommendations made by the public art[s] committee being subject to the review
- and approval of the arts and culture advisory commission and, when required, the city council:
- (1) The commission of artworks; the review of the design, execution, and placement of artworks; and the overseeing of the removal of artworks from the public art collection.
- (2) The designation of sites for implementation of the public art program; the recommendation[determination] of the scope and budget of public art program projects; and the overseeing of the artist selection process.
- (3) The selection of juries, to be composed of professionals in the visual arts and design fields and members of the community, who will recommend artists and artworks of the highest quality.
- (4) The education of the community on the public arts program.
- (5) The review and recommendation for approval of any artworks proposed to be donated to the city.”

Appendix D Liaison Roles and Responsibilities

Public Art Committee members will follow the same rules for liaison described in the ACAC rules and Procedures below.

Section 13. Liaison roles

- A. Commissioners may be assigned by the Chair to serve as Commission liaisons to, but not limited to, all organizations contracting with the City through COP.
- B. Individual Commissioners may also be appointed by the Chair to serve as liaisons to cultural facilities operated by OCA (OAC).
- C. Commissioner liaisons shall be reviewed and appointed by the Chair of the Commission, based on specific interests and capabilities of individual Commissioners in order to serve as a resource to the organization.
- D. These liaison roles will allow Commissioners to report on the programs and needs of those organizations to the Commission and OCA (OAC). Direct access to individual Commissioners will enable the various cultural organizations to readily obtain information regarding the activities of the Commission and OCA (OAC).
- E. The appointments shall change every two years and/or at the discretion of the Chair of the Commission
- F. At no time during the relationship should the individual Commissioner liaison attempt to speak for or make promises on behalf of the Commission or OCA (OAC). It must always be made clear that the liaison is speaking as an individual.
- G. Liaisons may work with OCA (OAC) staff and their assigned cultural organization to address management matters (for example, funding recommendations, contract compliance issues, Arts Month planning). In his or her role as a liaison, the Commissioner may authorize another Commissioner to liaise on his or her behalf as desired. During all such conversations, the liaisons must be independent, impartial, and responsible only to the people of the City. This guidance is from Chapter 12A: Code of Ethics of the Code (Sec 12A-1).

Appendix E Funding - City of Dallas Public Art Ordinance established January 1, 1989

Where do Public Art dollars come from?

1989 City Public Ordinance applies a "percent for the arts" to all capital improvement projects to be used in a manner consistent with the proposition

- **0.75 percent** of project is exclusively street, storm drainage, utility or sidewalk improvements
- **1.5 percent** of the total project appropriation for all other capital improvement projects
- **1.75 percent** of project is trail improvements

How can the money be used?

Funding can be used for design services of artists; selection, acquisition, commissioning and display of artworks; and administrative costs

How are budgets and locations set for a project?

1. Bond Office releases the funding to the funding departments where bond funding has been issued – this creates a Public Art "bank account" for each funding department
2. Public Art works with Bond Office and funding department to identify project locations and related funding available prior to project planning (Step 1)
 - A. For propositions with a specific location, amount and site are tied to location (e.g., Vickery Meadow Library)
 - B. For propositions with a large project(s), amount and site are tied to that project(s) (e.g., Lamar Street Project with artist-designed benches)
 - C. For propositions without large projects of scale or where funds are widely dispersed across the city (e.g., street repairs), Public Art works with Bond Office, Funding Department, and Planning and Urban Design to identify eligible sites across the city with high potential for community impact – generally consistent with Council-identified priorities (e.g., Neighborhood Plus)
